

Research Council on Mathematics Learning (RCML) 2019 Call for Proposals

Leading and Learning: Mathematics Made Accessible for All

The 46th Annual Conference of the Research Council on Mathematics Learning (RCML) will be held in **Charlotte, North Carolina, February 28 – March 2, 2019** at the Hilton Charlotte University Place. We are now accepting proposals! Be prepared to address the following on the speaker proposal form (along with new requirements listed on our website [here](#)):

How does this proposal address the mission of RCML?: The Research Council on Mathematics Learning seeks to stimulate, generate, coordinate, and disseminate research efforts designed to understand and/or influence factors that affect mathematics learning.

The purpose of the conference is to share current research in mathematics education. The conference planning committee encourages proposals of completed research studies and works-in-progress. This is an excellent conference for faculty and advanced graduate students to report finished findings, share their evolving research and receive constructive comments on preliminary framings/findings.

Speaker proposals must be submitted no later than September 8, 2018
to the RCML website at www.rcml-math.org

RCML publishes conference proceedings of selected papers that have been accepted as conference presentations. Acceptance of a proposal does not guarantee acceptance of the associated publication for the proceedings; however, all authors whose conference proposal has been accepted are invited to submit a paper based on their proposal. **Manuscripts proposed for the conference proceedings are due by October 31, 2018.** Before submitting your paper, please review the Proceedings Submission Guidelines on the [RCML website](#). Conference proposals and papers submitted to the *RCML Proceedings* are **peer reviewed**. The lead author on the proceedings paper *must* register for the conference.

Join us in 2019 in Charlotte. If you have questions, please contact us via email at one of the addresses below:

Sarah Pratt, VP for Conferences
rcmlconference@gmail.com

Kerri Richardson, Conference Chair
rcmltreasurer@gmail.com

Tyrette Carter, Program Chair

tscartel@ncat.edu

Information regarding registration, hotel accommodations and transportation is forthcoming. As always, you may check the RCML website for the most current information.

Please Note: *The conference registration deadline is **January 19, 2019**. Only registered presenters will be recognized in the conference program. Lead authors are required to register for their accepted paper to appear in the conference proceedings.*
