

Call for Proposals
Associate Editor for
Investigations in Mathematics Learning

The Research Council on Mathematics Learning (RCML) has served the mathematics education community for over 40 years, facilitating communications, research and dissemination of knowledge among higher education faculty. The official journal of RCML, *Investigations in Mathematics Learning* (continuously published since 1978), is one of the most prestigious journals among mathematics educators.

Currently the Association is soliciting applications for the position of Associate Editor of *Investigations in Mathematics Learning*, for the term Spring 2018 to February Spring 2021. The Executive Board of RCML plans to select the new Associate Editors during the Spring of 2018. Prospective applicants for the three-year term of Associate Editor need to provide the Search Committee with *evidence of the following*:

1. Strong professional commitment to an editorial role of a major international professional journal.
2. Appropriate professional background knowledge and experience in mathematics education that demonstrates scholarly work in a multitude of mathematics education areas.
3. Be punctually responsive to manuscript authors by establishing a procedure of communication.
4. Sound organizational, administrative, and communication skills
5. Personal commitment to goals of the Research Council on Mathematics Learning
6. Proven editorial abilities and experience, including the capability to work cooperatively with other professionals.

Submitted proposals should describe the applicants experience and capabilities regarding the six categories above. Submit the proposal and a vita to gmatney@bgsu.edu
March 15, 2018.
